

key witnesses without the knowledge or participation of the FBI.

I strongly recommend that the FBI and hand-picked DOJ attorneys from outside Main Justice run this case as we would any matter of such importance and complexity.

We left the conversation on Friday with arrangements to discuss the matter again on Monday. The Attorney General and I spoke today and she asked for a meeting to discuss the "investigative team" and hear our recommendations. The meeting is now scheduled for Wednesday, 12/11/96, which you and Bob Litt will also attend.

I intend to repeat my recommendations from Friday's meeting. We should present all of our recommendations for setting up the investigation—both AUSAs and other resources. You and I should also discuss and consider whether on the basis of all the facts and circumstances—including Huang's recently released letters to the President as well as Radek's comments—whether I should recommend that the Attorney General reconsider referral to an Independent Counsel.

It was unfortunate that DOJ declined to allow the FBI to play any role in the Independent Counsel referral deliberations. I agree with you that based on the DOJ's experience with the Cisneros matter—which was only referred to an Independent Counsel because the FBI and I intervened directly with the Attorney General—it was decided to exclude us from this decision-making process.

Nevertheless, based on information recently reviewed from PIS/DOC, we should determine whether or not an Independent Counsel referral should be made at this time. If so, I will make the recommendation to the Attorney General.

Mr. SPECTER. Mr. President, I ask unanimous consent that an extract of a report from CIA Inspector General Frederick Hitz be printed in the CONGRESSIONAL RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

We have no reason to believe that the DCIs who served during the relevant period were aware of the deficiencies described in this report. But DCIs are obligated to ensure that they are knowledgeable of significant developments related to crucial Agency missions. Sensitive human source reporting on the Soviet Union and Russia during and after the Cold War clearly was such a mission, and certain DCIs must therefore be held accountable for serious shortcomings in that reporting.

Mr. SPECTER. I thank the Chair and yield the floor.

The ACTING PRESIDENT pro tempore. The Senator from Michigan.

#### PRESCRIPTION DRUGS

Ms. STABENOW. Mr. President, I rise to express grave disappointment and concern that yesterday the Secretary of Health and Human Services, Tommy Thompson, indicated he would not implement a bipartisan law passed by this Congress last session. This legislation would open the borders of our country so that American citizens, who pay for a good share of the research done on prescription drugs in this country, to support the development of medications that are desperately need-

ed, could get the best price for American-made, FDA-safety-approved medications from other countries such as Canada.

Last year, Congress passed a bill that says we will no longer protect the prices charged in this country that disadvantage our citizens by stopping us from free commerce across the border. I supported this effort in the House of Representatives. I find it ironic, at a time when our President talks about wanting free trade authority and expanding free trade, that we stop our citizens at the border from being able to benefit from free trade regarding the purchase of prescription drugs.

Yesterday, the Secretary of Health and Human Services said he was concerned about the safety of reimported prescription drugs. We addressed those concerns in the previously approved legislation. Further, I have introduced legislation called the Medication Equity and Drug Savings Act, S. 215, the MEDS Act, that addresses the safety concerns expressed by former Secretary Shalala. My bill guarantees in the clearest terms that American labels will be used on the wholesale products that come from another country and that there will be complete safety precautions to make sure Americans will be receiving American-made, safe, FDA-approved drugs.

What is the difference in cost for prescription drugs? The difference is clear when I stand in Detroit, MI, and I look across the river, I know that prices for American-made prescription drugs can be cut in half for my constituents with a quick 5 minute drive across the bridge to Canada. In some cases, the savings are even greater. Tamoxifen, a breast cancer treatment drug, is \$136 a month in Michigan. Last year, we drove across the bridge with a group of seniors to purchase the exact same medicine; the price was only \$15. There is something wrong with this picture.

The bill the Secretary chose not to implement would have begun to address this price difference by opening the borders, to make sure our hospitals, our businesses, and our pharmacists, could develop business relationships with wholesalers in other countries to bring back drugs at a lower cost and make sure our citizens could get medication at lower prices.

Today I urge my colleagues to join together again in a bipartisan way to act. We must guarantee that this law will be put into effect this year, whether it be by passing my legislation, making changes on another bill, or including it in Medicare prescription drug legislation which is so critical. We must act now. Over and over again I hear from families in my State and States across our country. Families, seniors, individuals with disabilities, and working people with ailments are all concerned about the high costs of prescription drugs. People are having

to choose between paying the electric bill, getting their food, or getting their medicine. In the great United States of America, this great country, that should not be happening.

I express grave concern and disappointment about the decision and the information released yesterday by the Secretary. I urge him and invite all my colleagues to join with me to address this issue in a way that will allow opening of the borders to reaffirm competition for the best, lowest price for the safest prescription drugs that are manufactured in this country, that our citizens help to subsidize. Whether through the R&D tax credit, through funding the Federal labs, or through other efforts, taxpayers help to develop these prescriptions. We helped fund the development of the medication, and Americans pay top dollar compared to anybody in the world for these same prescription drugs. It is not right.

It is time now to act to make sure we can truly reduce the costs of one of the most important parts of the health care system today—medicines for our people, for the families of America. We deserve a break. Unfortunately, the roadblock was maintained yesterday. It is time to take down the barrier at the border and allow our people to buy prescription drugs wherever they can get the best price. I urge we act as quickly as possible.

Mr. BURNS. I suggest the absence of a quorum.

The ACTING PRESIDENT pro tempore. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. BURNS. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The ACTING PRESIDENT pro tempore. Without objection, it is so ordered.

The projects shall emphasize reducing risks to human safety and public health and property and enhancing ecological functions, long-term forest productivity, and biological integrity. The projects may be completed in a subsequent fiscal year. Funds shall not be expended under this section to replace funds which would otherwise appropriately be expended from the timber salvage sale fund. Program accomplishments shall be based on volume sold. Should Region 10 sell, in fiscal year 2002, the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land Management Plan in sales which are not deficit when appraised under the transaction evidence appraisal system using domestic Alaska values for western red cedar, all of the western red cedar timber from those sales which is surplus to the needs of domestic processors in Alaska, shall be made available to domestic processors in the contiguous 48 United States at prevailing domestic prices. Should Region 10 sell, in fiscal year 2002, less than the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land Management Plan in sales which are not deficit when appraised under the transaction evidence appraisal system using domestic Alaska values

for western red cedar, the volume of western red cedar timber available to domestic processors at prevailing domestic prices in the contiguous 48 United States shall be that volume: (i) which is surplus to the needs of domestic processors in Alaska; and (ii) is that percent of the surplus western red cedar volume determined by calculating the ratio of the total timber volume which has been sold on the Tongass to the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land Management Plan. The percentage shall be calculated by Region 10 on a rolling basis as each sale is sold (for purposes of this amendment, a "rolling basis" shall mean that the determination of how much western red cedar is eligible for sale to various markets shall be made at the time each sale is awarded). Western red cedar shall be deemed "surplus to the needs of domestic processors in Alaska" when the timber sale holder has presented to the Forest Service documentation of the inability to sell western red cedar logs from a given sale to domestic Alaska processors at price equal to or greater than the log selling value stated in the contract. All additional western red cedar volume not sold to Alaska or contiguous 48 United States domestic processors may be exported to foreign markets at the election of the timber sale holder. All Alaska yellow cedar may be sold at prevailing export prices at the election of the timber sale holder.

The Forest Service shall offer in fiscal year 2002 such concession prospectuses under the regulatory exemption, except that, any prospectus that does not meet the requirements of the regulatory exemption shall be offered as a service contract in accordance with the requirements of 41 U.S.C. 351-358.

SEC. 326. A project undertaken by the Forest Service under the Recreation Fee Demonstration Program as authorized by section 315 of the Department of the Interior and Related Agencies Appropriations Act for Fiscal Year 1996, as amended, shall not result in—

(1) displacement of the holder of an authorization to provide commercial recreation services on Federal lands. Any modifications to the authorization shall be made within the terms and conditions of the authorization and authorities of the impacted agency.

(2) the return of a commercial recreation service to the Secretary for operation when such services have been provided in the past by a private sector provider, except when—

(A) the private sector provider fails to bid on such opportunities;

(B) the private sector provider terminates its relationship with the agency; or

(C) the agency revokes the permit for non-compliance with the terms and conditions of the authorization.

In such cases, the agency may use the Recreation Fee Demonstration Program to provide for operations until a subsequent operator can be found through the offering of a new prospectus.

SEC. 327. The authority to enter into stewardship and end result contracts provided to the Forest Service in accordance with section 347 of title III of section 101(e) of division A of Public Law 105-277 is hereby expanded to authorize the Forest Service to enter into an additional 28 contracts subject to the same terms and conditions as provided in that section: Provided, That of the additional contracts authorized by this section at least 9 shall be allocated to Region 1 and at least 3 to Region 6.

This Act may be cited as the "Department of the Interior and Related Agencies Appropriations Act, 2002".

Mr. REID. I suggest the absence of a quorum.

The ACTING PRESIDENT pro tempore. The clerk will call the roll.

The assistant legislative clerk proceeded to call the roll.

Mr. BYRD. Mr. President, I ask unanimous consent the order for the quorum call be terminated.

The ACTING PRESIDENT pro tempore. Without objection, it is so ordered.

Mr. BYRD. Mr. President, I am very honored to join with my colleague, the distinguished Senator from Montana, Mr. BURNS, in bringing before the Senate H.R. 2217, the Interior and related agencies bill for fiscal year 2002, as amended, by the Senate Appropriations Committee.

This is the first of the 13 annual appropriations measures to be considered by the Senate this year. In my opinion, this is a well-crafted bill. It balances both the needs of the American people and the resources available to the committee. We only have so much money available and "we ain't going to spend what we ain't got."

That being the situation then, I urge my colleagues to adopt this bill in a timely fashion so we can proceed to conference with the House of Representatives. We have gotten a late start this year and we have to work hard and long to catch up. Darkness may have fallen, from time to time, before we catch up on these appropriations bills.

H.R. 2217 provides more than \$1.2 billion in much-needed funding to attack the deferred maintenance problems at our national parks, our national wildlife refuges, our national forests, and other federal recreational facilities across this nation. The bill would provide \$480 million to the National Park Service, \$108 million to the Fish and Wildlife Service, \$78 million to the Bureau of Land Management, and \$541 million to the Forest Service for literally hundreds, hundreds and hundreds of important maintenance projects.

In addition, the bill restores \$35 million in abandoned mine clean-up funds that were unwisely proposed to be cut by the administration. We are not going down that road, Mr. President. It restores nearly \$80 million in proposed cuts to the budget of the U.S. Geological Survey, a matter of great importance to many of our colleagues. The bill fully funds the construction needs of the next six schools on the priority list of the Bureau of Indian Affairs, while increasing funding for the Indian Health Service. It increases funding for important energy research programs overseen by Department of Energy, another issue of particular importance to those from the West. Finally, this bill provides nearly \$895 million in funding for various cultural agencies: agencies such as the Smithsonian Institution,

the National Gallery of Art, the Kennedy Center for the Performing Arts, the National Endowment for the Arts, the National Endowment for the Humanities, and the Office of Museum Services.

I am proud of the fact that the committee has kept its previous commitment and has fully funded the Conservation Spending Category established in title VIII of last year's Interior appropriations bill. Included in that amount is \$406 million for federal land acquisition; \$221 million for State and other conservation programs such as endangered species programs and wetland conservation programs; \$137 million for historic preservation programs; an additional \$50 million for the Payment-In-Lieu-of-Taxes program; and \$180 million for Federal infrastructure improvements.

This is a well-balanced bill, given the demands placed on the committee as a result of 1,799 Member requests versus the resources available to it. Despite that, I know there are Members who are passionate about some of the programs funded in this bill, and they would like to increase funding in one area or another. I appreciate that. I respect the right of every Member to come to the floor and offer such an amendment. But let me unfurl the warning flag. As reported by the Appropriations Committee, this bill is fully consistent with the 302(b) allocation provided to the Interior Subcommittee.

In short, in plain, simple, mountain language, that means there is no extra money on the table waiting to be spent—none, no extra money waiting on the table, waiting to be spent.

Friends, Romans, countrymen, lend me your ears: There is no extra money on the table. Any amendment proposing to increase spending in one area of the bill will have to be offset with a cut in some other area. Any Senator who wishes to add money may have to think whether or not he wants to take that money away from CONRAD BURNS or the minority leader or the majority leader or the humble slave, ROBERT C. BYRD.

With respect to offsets, let me add that Senator BURNS and I, as managers of this bill, will generally oppose amendments which propose to cut the so-called travel and administrative expenses accounts.

The agencies funded in this bill have done a good job generally in trimming these expenses to the bone, and unless Members are willing to offer real, honest to goodness programmatic cuts as a way to pay for their amendments, we will oppose all bogus offsets.

I urge my colleagues to come to the floor. I have heard it said that some Senators think we are working too hard in the Senate. Let the record show that a great stillness fell over the Chamber upon my saying that. I have

heard rumors that some Senators are concerned that we are working too late, too long, too hard.

It is mortifying to hear such rumors. I can remember when for Easter Sunday we were out on Friday and came back here on Monday. We didn't used to have so-called "breaks." We were also in session Mondays through Fridays, and sometimes we were in on Saturdays.

God made the universe—all of creation, the beasts of the fields, the fowl of the air, fruits and herb yielding seed—and he made man, not in 3 days. He didn't have a 3-day work week.

We have gotten used to 3-day workweeks here; come in late on Tuesday, vote late on Tuesday, vote on Wednesday, vote Thursday, and be out Friday, out Saturday, and out Sunday. God said keep the Sabbath day holy. But that is not why the Senate lets out on Sunday.

Let us not be stunned if we are asked to work a little later or a little longer. I would be happy to start voting on Monday and vote late on Friday. I would just as soon be here as to be at home on Saturday mopping the floor.

Let some of these Senators learn how to mop the floor for their wives. Then they, too, will probably be married 64 years, as I have been. Mop the floor, keep the wrists and the fingers strong. There is no arthritis in my fingers. They tremble, but the bones are strong. The wrists are strong. You would be surprised how many men I can wrestle to their knees with these strong wrists. These strong wrists come from mopping the floors. Yes. I mop the bathroom. I mop the kitchen floor. I mop the utility room. I vacuum. I dust. It is good for me. It keeps me humble. I even clean the commodes around my house. Things have changed in this country. It used to be that we ate on the inside of the house and went outside to the toilet. But anymore we eat on the outside of the House and go inside to the toilet.

A Senator? Surely, a Senator wouldn't be concerned about working a little longer or a little later. We have become spoiled. It is all right for Senator REID and me to become spoiled on Fathers' Day. But to say that we don't want to vote on Mondays, and we don't want to vote on Tuesdays until after the conference—we didn't even have weekly conferences here when I was majority whip. We Democrats didn't have conferences every Tuesday. We didn't need them.

But when I ran for the office of United States Senator for the eighth consecutive 6-year term, I didn't say just sign me up for 3 days a week. I didn't tell the majority leader when I was sworn in here, don't count on me on any Fridays or Saturdays. I didn't say that.

I hope this is mere rumor that I hear that certain Senators have been complaining that they have been working

too long, too late, too many days a week. I hope the majority leader will keep us in late tonight. I hope he will keep us in late tomorrow night, if we don't finish this bill. I hope he will say we will be in Friday, and with votes, if we don't finish this bill today. And if we aren't finished by Saturday, I hope the leader will say: Let's go at it, boys. We will be in Saturday.

But if there is a Senator who is complaining about working too hard, Mr. Majority Whip, tell them where my office is. While we are on this bill, I am for working. I want to get this bill finished. We have 12 more appropriations bills behind this bill.

I urge my colleagues to come to the floor today to offer any amendment they may have and to allow us to conclude debate on this measure no later than tomorrow so I can be with Lady Byrd and my little dog, Billy Byrd. The bill and report have been available for more than a week, and Senator BURNS and I are here ready and willing to work with our colleagues.

Mr. President, I thank, at this time, my colleague, Mr. BURNS, for his steady hand and for the leadership he has demonstrated in the markup, in the hearings on the bill, and for his splendid cooperation, for his always charitable attitude toward other Senators, and for his fairness.

I yield the floor.

The PRESIDING OFFICER. The Senator from Montana.

Mr. BURNS. Mr. President, I thank my good friend and colleague from West Virginia, the chairman of the Interior Appropriations Subcommittee. I am recommending that this body pass the Interior appropriations bill for fiscal year 2002.

I join my colleague in what he said in relation to folks who would complain about working too much. I come from an agricultural background. I was raised on a small farm in northwest Missouri. My dad always had a little saying: When you look like a mule, you've got to work like one. So I guess I have hired on for the duration.

We will get this bill completed. I was lucky enough to hold the chairmanship of this Interior Subcommittee earlier this year, and I made it a priority to move this bill forward in a non-controversial and bipartisan way. I was extremely pleased to learn, when the Senator from West Virginia took control of the gavel, that he also shared this vision. He and his staff have been extremely gracious in dealing with all the requests before the subcommittee.

The bill up for consideration is a delicate balance of meeting our Nation's needs while remaining fiscally responsible.

Not everyone will be happy with every portion of this bill—it has never happened with this particular piece of legislation since I have been in the Senate for the last 12 years—but I can

guarantee you, the bill is extremely fair. We had to make some tough choices, but I believe those who have worked with us to put this bill together will agree that the chairman has done an exemplary job in dealing with the resources we had available to us in the subcommittee.

The bill before us provides over \$18.5 billion in budget authority. This number is \$343 million above the President's request; however, it is over \$470 million less than has been requested by the House of Representatives and almost \$420 million below last year's appropriations for the same activities.

The unprecedented and unsustainable increases of previous years have been checked, but we have still upheld our commitments as stewards to our public lands.

If time will allow, I would like to highlight some of the accomplishments in this bill.

The Bureau of Land Management receives a substantial increase in funding to help address our Nation's energy needs while balancing these needs with the ongoing maintenance necessary to keep our public lands healthy.

Initiatives of which I am especially proud include an increase in excess of \$15 million over last year's level for energy and minerals management to help address the current backlog in energy-related permitting, an increase above the budget request for noxious weed research, control, and outreach, and the highest funding level ever for the payments in lieu of taxes account.

Let me tell you, I am especially thankful to our chairman. Noxious weeds is not a great—for the lack of another word—"sexy" issue. When you start talking about things around Washington, DC, folks do not think a lot about weeds, but they are something that we deal with across this Nation on a daily basis; and also payments in lieu of taxes, which means in the areas of counties that have a big preponderance of BLM land, they are paid, as if taxes will be collected on that land, by the Government. In other words, if the Federal Government has made the choice they want to own that land, then they have to pay taxes like everybody else—county taxes—that go to support schools, public services, roads, and other demands of local government.

Our commitment to the Nation's wild spaces is continued in the U.S. Fish and Wildlife Service budget, which has received a \$62 million increase over last year's level. This level allows us to address habitat needs while working with private landowners through brand new initiatives such as the Landowner Incentive Program. These new initiatives will allow us to focus on a new idea of working across land-ownership lines to do what is best to help the species and their needs.

The National Park Service remains one of my top priorities. After all, I

have two of the really crown jewels of the National Park System in my State: Yellowstone Park, of which part is in the State of our friends to the south, in Wyoming, and Glacier National Park. It receives an increase of almost \$161 million above a year ago. This funding helps address our crumbling infrastructure in our most treasured public areas while increasing our assistance to States to protect the areas that are high on their priority lists.

I am also pleased the bill provides \$11 million for grants to preserve Civil War battlefields.

Also, within the Bureau of Indian Affairs, no other priority is higher on my list than the education of our Native American children. We have been able to continue our aggressive attack on the construction backlog of schools in Indian country by providing funds to replace the next six schools on the Bureau of Indian Affairs' replacement list. Again, the chairman has done an admirable job in attempting to meet my request for a substantial increase in the operating funds available to tribally controlled community colleges. It remains one of my top priorities, and I hope to work with the chairman to increase the funding level even further in future years.

We have seen great strides made, especially in the 2-year colleges on our reservations. In fact, the gentleman who operates one of the tribal colleges in our State is probably one of the best educators I have ever known, and the impact he has had on his people on that reservation has been tremendous.

Additionally, I am pleased that we have been able to match the President's request for trust reform and management issues. And there are many.

The Forest Service's largest initiative in recent years is the new Interagency Fire Plan. We have continued to support the efforts of the Bureau of Land Management and the Forest Service to address the dangerous build-up of fuel in our national forests and adjacent lands.

Fire operations will continue to drain hundreds of millions of dollars again this year as we enter another historic fire year, but the investment in hazardous fuel reductions will pay off tenfold in future years.

Last year was a devastating fire year in the West. We are still experiencing drought in those areas. We can expect fires again this year.

Unfortunately, the Department of Energy received massive proposed cuts in this year's budget request. However, I believe the chairman has restored these accounts in a very responsible manner. Working with the rest of the committee and me, he has focused the fossil energy accounts toward technologies that will increase efficiency and the cleanliness of our aging power infrastructure, while addressing the negative impacts of power generation.

We have started a new clean fuels initiative and increased our research in methods to control and capture greenhouse gases. The conservation accounts under the Department of Energy also receive substantial increases over last year, including an addition of over \$60 million from last year's weatherization assistance, and large increases to make our buildings and transportation methods more efficient.

Finally, the conservation spending category created in last year's final appropriations negotiations has been retained, and the compromise of last year has been upheld both in the spirit and in the execution. The bill contains \$1.32 billion for the conservation spending category, continuing our focus on protecting our wild areas while taking care of our publicly owned facilities.

Clearly, a bill of this magnitude is difficult to craft, especially considering the volume of requests that we field in this subcommittee every year and those with which we have to deal. I thank the chairman for his willingness to address the requests of all Members to the best of his ability. I urge our colleagues to recognize his generosity and take a hard look at the bottom line prior to attempting to amend this bill.

I also ask our colleagues to respect our collective request that legislative riders be avoided so we can get this bill to the President as soon as possible.

Mr. CONRAD. Mr. President, I am pleased to rise today in support of H.R. 2217, the Interior and Related Agencies Appropriations Act for Fiscal Year 2002.

The Senate provides \$18.5 billion in nonemergency discretionary budget authority including an advance appropriation into 2002 of \$36 million, which will result in new outlays in 2002 of \$11.5 billion. When outlays from prior-year budget authority are taken into account, discretionary outlays for the Senate bill total \$17.6 billion in 2002. Of that total, \$1.32 billion in budget authority and \$1.03 billion in outlays falls under the new cap for conservation spending. The remaining amount counts against the general purpose cap for discretionary spending. The Senate bill is within its Section 302(b) allocations for budget authority and outlays for both general purpose and conservation spending.

In addition, the Senate bill provides new emergency spending authority of \$235 million for wildland fire management, which will result in outlays of \$167 million. In accordance with standard budget practice, the budget committee will adjust the appropriations committee's allocation for emergency spending at the end of conference.

I again commend Chairman BYRD and Senator STEVENS for their bipartisan effort in moving this and other appropriations bills quickly, in order to meet our responsibilities to maintain

an effective federal government. Their bill limits the use of the contentious legislative riders that have hampered its predecessors, and provides vital funding to manage our nation's natural resources, to support better and more efficient use of our energy supplies, and to meet our commitments to Native American tribes.

I urge the adoption of the bill.

Mr. President, I ask for unanimous consent that a table displaying the budget committee scoring of this bill be printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

Mr. CONRAD. I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The bill clerk proceeded to call the roll.

Mr. BYRD. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. REID. Mr. President, will the Senator from West Virginia yield for a comment?

Mr. BYRD. Yes.

Mr. REID. Mr. President, around here it is easy for us to forget people. I want the record to reflect what a good job Slade Gorton did on this bill during the time he was the chairman of this subcommittee. Slade is not in the Senate anymore. The record should be spread with the fact that he did an outstanding job when he was chairman of the subcommittee.

He was always willing to listen to us. He held meetings and was very inclusive. I don't want to dwell on it other than to say that I have not forgotten Slade Gorton and the good work he did

on this bill. I am confident that his successor, the Senator from Montana, will do just as well.

I know as a Senator I learned a lot from Senator Gorton from the way he handled things. I hope we will all remember Slade Gorton for his dedication to the Senate and the good work he did.

Mr. BYRD. Mr. President, I join the distinguished Democratic whip in recalling Slade Gorton. Slade Gorton was an outstanding chairman of this subcommittee. On many occasions, I lauded Slade Gorton's chairmanship. He was eminently fair, preeminently knowledgeable of the bill. In conferences, he knew everything that a Senator ought to know about the projects and the items at issue between the two Houses. I have never seen a subcommittee chairman who was better than Slade Gorton when he was chairman of this subcommittee.

He was also very kind and good to me. I am glad the distinguished majority whip has had the thoughtfulness to mention Slade Gorton today.

Along this line, let me say that on yesterday, and the day before, we worked hard to complete the supplemental appropriations bill. Senator STEVENS is the former chairman of the Appropriations Committee in the Senate, about whom I have no hesitancy in saying, he was the best chairman of the Appropriations Committee that I have seen in my 43 years in the Senate, including ROBERT BYRD. I have no hesitancy, not a bit, in lauding a Republican. I have no hesitancy in saying, "He is a better man than I am, Gunga Din."

I have seen some great chairmen of this committee, the Appropriations Committee. Senator Russell, to me, was the finest Senator, the best Senator with whom I have ever served in my 43 years in the Senate. He was chairman of the Appropriations Committee at one time. There have been other great Senators, such as Senator Stennis of Mississippi. He was always courteous, always the gentleman. Then there was Senator Mark Hatfield.

But times have changed and chairmen have to change in accordance with the times and the circumstances. So in our time, in our day, TED STEVENS is the best. I don't mind thinking I might have been second. But I won't dare say that. It is a bit like Publius Cornelius Scipio Africanus Major, who defeated Hannibal in the Battle of Zama in 202 B.C. He met Hannibal at Ephesus, and they walked together upon one occasion and he asked Hannibal, "Who was the greatest general?" Hannibal thought for a moment, and then he said, "Pyrrhus the Greek from Epirus was the greatest. The second was Alexander. The third was I, Hannibal." Whereupon, Scipio Africanus Major asked, "Where would you have placed yourself if I had not defeated you at

Zama?" Hannibal thought for a moment, and then said, "I would have been first."

I did have the good fortune to chair this committee for 6 years. But TED STEVENS I salute. He is a Republican, yes, but a great one, a fine gentleman, a gentleman always, somebody who keeps his word. And he doesn't put politics at the apex of all things that matter. Well, with his assistance and his leadership, on yesterday we passed the supplemental appropriations bill. The President requested \$6.5 billion and that bill did not exceed that request one thin dime.

The Senators' amendments were offset. The amendments that Senators offered and were considered, if they were adopted, if they had to do with money, were offset. Senators had offsets—meaningful offsets, not "waste, fraud and abuse." There is no doubt but that there is some waste, fraud, and abuse in the budget in every department, I would say, in this Government. But we don't offset with false offsets. We had everything appropriately offset.

There wasn't a single amendment designated as an "emergency" in this Senate. The President had complained about the use of "emergencies." Mr. STEVENS and I believe there is a time and place for emergencies, yes, but there is no question but that the designation of "emergency" has been overdone in both Houses. And in the supplemental appropriations bill that passed the House, there are \$473 million in emergencies. Not \$1 in the bill that passed the Senate was designated as an emergency.

Where is the President going to stand on this when the bill goes to conference? I hope he will let us know. What is his position going to be with regard to the emergencies that were in the Republican-controlled House bill? The first question that was ever asked in the history of the human race was, when God entered the Garden of Eden in the shadow of the evening, in the cool of the day, and he started looking for Adam. Adam had hidden himself, and God said: "Adam, where art thou?" That was the first question ever asked in the history of mankind. "Adam, where art thou?"

So, if I might, in my small way as a direct descendent of Adam, let me ask the question of the President: Mr. President, where art thou in regard to the \$473 million in emergencies that are contained in the House-passed bill? Let us know, Mr. President, where art thou? If I get a chance to ask the President, I am going to say: Mr. President, where art thou with respect to the \$473 million that was added as emergencies in the House bill? Where art thou? Let us know. We would like to know.

In any event, that is the kind of bill we passed in this Senate. No emergencies, not one Indianhead copper penny above the President's request,

not one! Mr. STEVENS and I had cooperation of the Senators on both sides of the aisle. I could not resist the opportunity to say that without TED STEVENS and his help, his assistance, his leadership on that bill, the cooperation of Senators and staff on both sides, the help of our distinguished Democratic whip, and our leaders, we could not have accomplished that. So I take this opportunity to compliment our colleagues.

#### AMENDMENT NO. 877

Mr. BYRD. Mr. President, I send a technical amendment to the desk.

The PRESIDING OFFICER. The clerk will report.

The bill clerk read as follows:

The Senator from West Virginia [Mr. BYRD] proposes an amendment numbered 877.

Mr. BYRD. Mr. President, I ask unanimous consent that further reading of the amendment be dispensed with.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment is as follows:

(Purpose: To make a technical correction)

On page 152, line 4, strike "\$17,181,000" and insert "\$72,640,000".

Mr. BYRD. Mr. President, I ask unanimous consent that the Senate proceed to the consideration of the amendment and that it be adopted.

The PRESIDING OFFICER. Without objection, it is so ordered.

Is there further debate on the amendment? If not, the question is on agreeing to the amendment.

The amendment (No. 877) was agreed to.

Mr. BYRD. Mr. President, Senator BURNS and I are here. We are at our posts of duty. We are ready to entertain any requests for an amendment by any Senator. The clock is running.

Mr. BURNS. We are open for business.

Mr. BYRD. The sign is out: Open for business. Senator BURNS and I join in urging the leadership and all Senators to let us know of any amendments Senators intend to offer by no later than 4 p.m. today, and it will be my hope that at 4 p.m. we can close out the window for amendments. I hope all Senators within the sound of my voice and all staffs within the reach of our joint voice will be alerted to the fact that when the clock strikes 4 this afternoon, we expect to close out the window on all amendments.

Mr. REID. Will the Senator from West Virginia yield for a comment?

Mr. BYRD. Absolutely; gladly.

Mr. REID. As directed by the two managers of this bill, we have asked both Cloakrooms to clear their request: that there be a filing of amendments by 4 o'clock today, which gives people ample time, many hours. It was announced even prior to the break that the Interior bill would be the first bill brought up, and we even indicated when it would be brought up. So I hope we can get this cleared right away.

I say to my friend, the junior Senator from Montana, who has done such a good job in getting this bill to this point, the holdup now is on that side. Maybe if we go into a quorum call Senator BURNS will be gracious enough to see if he can move this along. Until that happens, my experience is this bill is in a flounder.

Mr. BYRD. I thank the distinguished whip.

Mr. BURNS. Mr. President, it is my hope that we can do this by 4 o'clock this afternoon. There is no need for us to dillydally around here when we have other things to do. I only have one thing I have to do at 2 o'clock this afternoon. I have to introduce a couple of judges who have been nominated to the Montana district court system. By the time I get that done, 4 o'clock should be our cutoff.

We should be talking about amendments right now. There is no reason why we cannot move this bill to final conclusion tomorrow.

Mr. REID. I believe the Senator from West Virginia still has the floor, if I can make another comment.

Mr. BYRD. Surely.

Mr. REID. It is my thought, if the two managers agree, that at 12:30 p.m., if there is still a problem with hotlining, a unanimous consent request be made and if anybody objects to it, they are going to have to come here in person to object to it. That is my suggestion. On a bill as important as this, we need to have the Senators, not the staff lurking in some of these rooms around the Capitol complex making objections for their Senators.

After we go into a quorum call, upon consulting with the two managers, I make the suggestion that perhaps that is what we should do.

Mr. BYRD. Mr. President, I thank the distinguished Senator from Nevada, the majority whip, for his suggestion. I like it. We have just heard Senator BURNS voice his opinion.

Mr. BURNS. We will do everything we can to get that taken care of. We do not want to close anybody out either, understanding the sensitivity of that. I believe we have made a reasonable request. I thank the chairman.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The bill clerk proceeded to call the roll.

Mr. BYRD. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

#### RECESS

Mr. BYRD. Mr. President, there being no Senators seeking recognition and having discussed the following request with the distinguished majority whip and the distinguished manager on
